

## Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

## TAKE CARDUI The Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

With the entry of a record showing settlement of the judgment of the Greene county circuit court against the Ambursen Hydraulic Construction company, builder of the big dam across White river at Powersite for \$7,500 in favor of Err Johnson, a workman who was injured during the construction of the big reservoir, litigation which has been pending for several months was brought to a close. Johnson received serious injuries when he was drawn into revolving machinery on a motor boat used in the moving of material from Branson to the site of the big dam. He is now living in the state of Washington. The judgment against the construction company was affirmed by the Springfield court of appeals. New York attorneys were authorized to institute a suit there unless the judgment was paid.—Springfield Leader.

### The Market Letter

Kansas City Stock Yards, October 11, 1915. Early losses last week were fully repaired in the cattle market before the close, corn fed steers, good heavy cows, and best feeders 10 to 25 higher for the week. Medium and low grades of stockers sold lower. Receipts today were 3400 head, same as the supply a week ago, but the selling side is handicapped to day by big runs at other markets, and lower prices all around, combined supply at the five leading markets 89,000 head. Almost two thirds of the receipts here are stockers and feeders. The market is 10 to 15 lower on killing cattle, some sales a quarter lower, stockers and feeders steady to 10 lower, and active. Shipments of stockers and feeders last week totaled 42000 head, largest outgo this year. Illinois, Iowa and other states east have bought sparingly, but those sections are in need of cattle, and will be strong buyers some time this fall. The heavy shipments have found new outlets this year, including big consignments to Oklahoma, Western Kansas and much breeding stock to the Texas Panhandle country. The Panhandle is shipping lightly this year, and some authorities claim 75 per cent of the cattle there will be kept at home and wintered. Best heavy steers sold at \$10 today, and prime yearlings brought \$9.95. Grass steers include a wide variety, and range from \$6.50 to \$9, and the full range on stockers and feeders is \$5.50 to \$8.00 which means that a useful set of stockers can be had around \$6, and good bred stockers at \$6.75 to \$7.25, prime yearling at the top. Quarantine receipts are running very light, and are composed of low grade cattle exclusively today. Hogs arrived to the number of 10,000 head, and the market was steady to strong with last Friday, top \$8.50, heavy hogs up to \$8.45, some hogs weighing 335 lbs at \$8.40, bulk of sales \$8, to \$8.45. Receipts show some expansion, but have not yet reached proportion equal to the demand, hence prices remain stable. Big fleshy sows sell around \$7.75, and a common class of throwouts at \$6.50 to \$7.25. Local prices continue firm as compared with other River markets because of the heavy buying on orders from from Eastern killers, one third of the receipts going into the channel. Sheep and lambs sold strong to day, receipts 1400 head. Best lambs brought \$8.70 medium lambs around \$8.60, plain natives \$8.25. A large share of the receipts are feeders which are selling steady, feeding lambs mostly around \$8.25. Fat ewes brought \$6 today, and choice yearlings are worth \$7.25, wethers \$6.50. Killers expect a strong market for fat lambs up to the first of the year, as scarcity will be the ruling feature up to that time at least. Practically all the feeding lambs coming weigh over 50 lbs and are suitable for a short feed.

J. A. RICKART, Market Correspondent.

That controversy over the Efficiency Board goes on until it grows amusing.
